MARSEILLES

MISS THERESA PHILLIMORE,
Representative, Branch Office Phillimore Building

Local Notes.

A dance will be given by the American Legion next June 2, in the Legion hall.

Miss Lena Looft of Chicago is expected here tomorrow to visit her mother, Mrs. Mary Looft on Lincoln street. Forrest Smith went to Petersburg, Ill., yesterday on business.

Mrs. Goregous returned to St. Louis today after a visit here with her husband, who is employed by the Winmer Contracting Co.

Mr. and Mrs. Harry Johnson entertained about twenty relatives today to a dinner at their home in Brookfield township in honor of Walter Spicer who is visiting here from California.

Mrs. Forrest Smith and Mrs. Mary Ford spent last evening in Ottawa and attended the reception and banquet given by the White Shrine for the newly elected supreme officers.

The regular meeting of the Women's Relief Corps was held this afternoon in Odd Fellows hall. Memorial services for deceased members was held.

Mrs. Harold Carr of Rich Hill, Mo., arrived here yesterday to visit her husband's parents, Mr. and Mrs. Elmer Carr.

Miss Ione Ballard of Kinsman is visiting here at the home of Miss Edna Grant.

Mrs. George Phillimore and daughter Meretta spent today in Joliet.

Mrs. Fremont Carr of Grand Ridge spent yesterday visiting friends in this city.

Mrs. Henry Kohl returned yesterday from a few days visit with relatives in Morris.

Mrs. O'Leary and mother went to Joliet today for a few days visit.

Joseph Iteadon transacted business in this city today.

Miss Margaret McIntyre spent a few hours in Ottawa yesterday.

Charles Morello played for the commencement exercises held in Seneca last evening.

Stores to Close May 31.

The stores will close at 9 o'clock a. m. Memorial day, remaining closed for the balance of the day.

Mrs. Lettsome Entertains.

Mrs. Ole Lettsome entertained a number of young ladies last evening at her home on Broadway. A variety shower was given for Miss Gertrude Gulbranson who is soon to be married to John Lettsome of Racine, Wis. The bride to be received many useful and beautiful gifts. Refreshments of ice cream and cake were served.

Proper Care of Tools.

All good tools should be wrapped up, otherwise they will rust, and rust dulls their cutting edges. The careful carpenter wraps his tools in a wooden cloth, well oiled. The careful chauffeur wraps all polished tools before putting them in the tool box and keeps them away from the storage battery, the fumes of which will quickly rust them.

Observe the Direction.

A current French scientific journal tells us that, if you wish to enjoy profound and restful sleep, you should lie with your feet to the south. If you would get through a hard day's work with a minimum of exertion, face the west. A pianist plays best when facing the west and worst when facing the south.

Near Enough.

A certain retired British colonel tells a story of a dandy bishop who once went to a function in town. He gave his name to the butler as the bishop of Honolulu, but the man failed to catch it, and believing that in the case of a negro bishop all things were possible, announced him as "the bishop of Hallelujah." Exchange.

Good Friday.

Good Friday has been observed since the earliest days of Christianity in memory of the crucifixion of Jesus Christ, which event is said to have occurred Friday, April 15, 29 A. D., or April 23, 33, A. D. The expression "Good (probably God's) Friday" is said to be peculiar to the Church of England. Good Friday is observed the Friday before Easter.

Today's Markets

MAY CORN SLUMPS: JULY-SEPT. CLIMB

Chicago, May 26.—Although prices for May delivery of corn showed a downward trend today, strength continued to develop in the more active options, July and September. Weakness of May was due to a trade ruling that because of the breakdown of railroad transportation no penalty would be exacted from defaults on May contracts here. Persistent meagerness of receipts formed the chief bullish factor as to the market otherwise. Initial quotations which ranged from 1 1/2¢ decline to 1 1/2¢ advance with July 1 1/2¢ to 1 1/2¢, and Sept 1 1/2¢ to 1 1/2¢ were followed by a moderate setback for May and a decided gain for later months.

Commission house buying made out firm. After opening unchanged to 1/2¢ lower, the market scored a general upturn.

Provisions were inclined to harden with grain and hogs. Demand though was not urgent.

Liberty Bonds.

New York, May 26.—Liberty bonds prices at 11:55 today were 3 1/2¢, 9150; first 4's, 9150; second 4's, 8500; third 4's, 8500; fourth 4's, 8500; victory 3 1/2's, 9620; victory 4 1/2's, 9634.

Potatoes.

Chicago, May 26.—Potatoes steady; receipts 32 cars; northern white sacked and bulk 750-765; Irish cobbles 725. New: Dull, unchanged.

Wall Street.

New York, May 26.—Dealings on the exchange during the morning were the most diversified of any similar period in several weeks. U. S. steel resumed its former leadership in point of activity, but made only a nominal advance. Independent steels, notably Vanadium, Lackawanna, Bethlehem and Republic rose 1 to 2 1/2 points. American Locomotive kept pace with related equipments, gaining 2 1/2, and the other motor specialties were featured by Stromberg which rose almost 5 points. Secondary oils were irregular. Sinclair strengthening while Middle States was weak. Among the active low priced rails at moderate advances were Nickel Plate and Pittsburgh and West Virginia. Call money was unchanged at six per cent.

Livestock.

Chicago, May 26.—Hogs, receipts, 20,000; held over 10,131; strong to

15¢ higher; 1490 paid; quality fairly good; average cost yesterday 1424. Cattle, receipts 7,000; sheep receipts 7,000.

Figs Always in Demand.

The fig yield of the village of Aiden, Turkey, has risen from approximately 10,000 tons raised on 10,000 acres of land about 20 years ago, to about 22,000 tons raised on 25,000 acres. However, this advance in supply has not kept pace with the demand, and prices of figs have steadily risen. The big producing areas are, under normal conditions, exclusively tapped by the Ottoman (Aiden) Railway company's system. The orchards, located mainly in the Meander valley, are owned chiefly by Turks.

Responsibility.

Nothing can be so inspiring to a human being as the idea that he is of value, that his help is really wanted. Nothing can so enforce the doctrine of responsibility as the realization that it rests with us to choose whether we shall mend or mar, shall beautify or deface, some portion of the work—Oliver Lodge.

News from the World of Sports

SHAMROCK IV TAKES TO WATER FIRST TIME

City Island, New York, May 25.—Launching of Sir Thomas Lipton's Shamrock IV, which is to sail for the American cup off Sandy Hook in July, is set for today. The Irish baronet, in receiving his guest for the historic trophy will have in the water the season's offshoot Shamrock to that which crossed the Atlantic in 1914. Virtually all the track lines have been eliminated. The peculiar row boat which made the craft unusual when it first came here has been replaced by a more conventional one. This was done after inspection by the designer, Charles E. Nicholson, during the last race of the Reebote and Yachtie, the American defenders, and realizing that the Irish Shamrock would have little chance against either of the American craft.

Last alterations were completed yesterday when a little lead was added to the keel. As the changes have been made, no one would predict just what was to be expected of the rebuilt racer.

THIS MAY BE CASE FOR NATIONAL COMMISSH

Staging a sensational, hair-raising, breath-taking and almost scandalous last of the ninth window, the Fifth and Sixth graders of St. Francis school last night defeated the Seventh grade of Washington school by a 41 to 30 score. How the Ninth got close to the sound point was brought about by a time run finish, after the east sliders had led by a 10 to 2 score up to that time. There has been some controversy as to just the exact number of runs scored across the plate, but whether or not the final issue will be left to the national commission is a matter for the future alone to decide.

The following are the players who pulled off the sensational finish for St. Francis school: Martin Dekrom, St. Shandy, St. Tony, Kaiting, St. Joe Hoffman, St. Edmund Pfeiffer, St. Alex Scherer, St. Antonio Tabor, St.

WEST COAST TENNIS STARS DEFEAT CHICAGO

Chicago, Ill., May 26.—University of California tennis players vanquished the team representing University of Chicago in four of six matches on the Maroon courts Monday afternoon, making three straight days of victory for the Pacific coast college stars against picked players of this locality. Capt. Wallace Bates of California had some difficulty gauging the hard shots of Capt. Ruthven Pike, Chicago, but defeated the latter, 6-1, 6-5, by fast clever stroking.

In the doubles Pike and Harry Virles won from the combination of T. H. Martin and James Rothchild, 3-6, 6-3, in a contest featured by bursts of furious play. The other match won by the Midway boys was that of Forbes in Singles. Rothchild being the victim, 6-3, 6-2.

WILDE OUTPOINTS PHILA. SCRAPER

Toronto, Ont., May 26.—Jimmy Wilde of England, world's flyweight champion, decisively outpointed Phila. Wallace of Philadelphia in ten rounds of hard fighting Monday night. Wilde carried the fight to the Philadelphia throughout winning all but two rounds, but in the sixth Wilde landed left and right to Wilde's head and had the "British boy" groggy. A hard right uppercut cut Wilde's head and blood gushed from his mouth and nostrils.

At the end of the bout the referee handed a British flag representing victory, to Wallace. It finally was wrested from him and given to Wilde.

BRITISH NOT TO PLAY IN WESTERN TOURNEY

New York, May 26.—Harry Vardon and Edward Ray, English professional golfers will not compete in the western open or Metropolitan open championship tournament this year, according to Arthur D. Peterson, who made public an incomplete itinerary of their projected tour of the country. On the dates of the Metropolitan event, July 28, 29 and 30, Vardon and Ray will be playing at the Country club at Springfield, West Springfield, Mass., the Shurtle Meadow club of New Britain, Conn., and Belmont Springs Country club, Waverly, Mass., in that order. At the Belmont club the British pair will face Francis Ouimet, their conqueror in 1913 and Jesse Gullford.

BRADLEY INST. PLAYER TENNIS CHAMPIONSHIP

Peoria, Ill., May 26.—Harold Tucker of Bradley Institute of Peoria won the singles tennis championship of the annual Illinois Intercollegiate Athletic association tournament yesterday, defeating Shaw of Wheaton in the final round of play. Wester college defeated Midikin and won the double title. Knox college forfeited to Wheaton and the Galesburg school got second place.

The Movie Kiss.

The endurance test movie kiss, popularly known as a "clinch," is not properly a kiss, but a form of adhesion closely resembling valenzing—Robert Quillen in the Saturday Evening Post.

Making First Start In United States

Jack Scales, an Englishman, will be making his first appearance in the United States when he faces the starter in the Grosvenor Special for the 500-mile race for \$50,000 to be held at the Indianapolis Motor Speedway, Monday, May 31.

Scales, who for years has been affiliated with the engineering and racing departments of Fiat at Turin, Italy, has written his name on European tracks at the helm of Fiat racers.

WHEN A TYPHOON HITS GUAM

Island Makes a Small Target, but Storm Center Has Found It All Too Frequently.

Typhoons sometimes visit the island of Guam and are very destructive in the path of the center. The Asiatic typhoons originate near Guam, but unless the center passes directly over the island the effect is not serious. As the island is small this does not often happen. But did happen in July, 1918, with disastrous results. The loss of life was fortunately slight, but the damage otherwise was great, consisting in the uprooting of total destruction of many habitations (government houses lost a third of its roof), the loss of all crops and the uprooting of or serious injury to all trees, especially coconut and fruit trees.

These typhoons are rotary storms which have a motion of translation as well. Their coming can be foretold some hours in advance by an increasing wind with falling barometer, and by the direction of the wind and the appearance of the clouds. The center is a calm area of some miles in diameter, with very low barometer, causing the sea to rise abnormally within this low pressure area. Around this center the wind is whirling at a terrible rate. It works up gradually to a maximum as the center draws near, and then falls abruptly to calm.

MODERN READERS OF FICTION

Both Men and Women Said to Appreciate the Viewpoint Put Forward by Authors.

Women who are giving greater importance to women's sphere are discerning readers of fiction, says the New York Evening Post. This is the conclusion drawn by James Ray, Jr., after careful observation, and it would probably meet with some skepticism on the part of people who think that fiction serves mainly to amuse. He writes in a recent publication that he long ago discovered that certain men and women "appropriate new viewpoints, had the knack of defending with facts and plays of fancy their own opinions, had their favorite sports, flowers and colors, and pleased you with their eagerness to hear of any new thing touching their recreation or work—and that such men and women had in large measure developed their own striking personalities through unusual intercourse with the unusual characters whom great writers had found to be worth writing about." These people, by reading fiction, had put their hands on the motives of men, while others depended for their knowledge of life and of men and women on their own experience—and remained "alien to the world's great dreamers."

Let George Do it

NEW YORK—Poor ol' lanky George Mogridge, left-wing hurler for the Yankees, is having a tough go of it this spring. So far George has started in three games and the Yanks, in spite of their heavy batting ability, have been able to pound in only one run for him in all three games. All of which can't encourage a pitcher very much.

"Let George do it," they say, "ut, of course, George can't do it. He's pounded out four hits in the three games himself, although pitchers aren't supposed to hit. But even that hasn't done any good."
